ALZHEIMER'S TEACHING & TRAINING PROGRAM

For your patients with Alzheimer's Disease who display:

- Uncooperative Tendencies in ADL's
- Weight Loss due to poor eating habits
- Agitated or aggressive behaviors
- Increased safety risk

Medicare now endorses Home Health Caregiver Training. In conjunction, Better Care Home Health now offers focused interventions to those responsible for geriatric patients whose psychological/behavioral issues interfere with daily living. This Training can help prevent Hospitalizations, support present Plans of Care, Reduce Stress to All Involved. And Improve Quality Of Life.

Includes:

Teaching caregivers specific coping strategies

Reinforcing safe care practices

Applying techniques to relieve stress

Interventions to monitor and manage behaviors

New skills to increase tolerance & cooperation
